PROFESSIONAL SUMMARY

Currently working as a Java Full Stack Developer Intern at e-Procurement Technology Ltd, Ahmedabad, while pursuing MCA final semester. Strong knowledge of Spring Boot, Hibernate, and JPA, with basic understanding of Spring Security, JWT, JSP, Servlets, and Java Stream API. Hands-on experience in developing backend applications, implementing authentication, and managing data efficiently. Seeking a full-time opportunity to apply my technical skills and build a successful career in software development.

TECHNICAL SKILLS

Programming & Core Java: Java, JDBC, Collections, Stream API

Backend Development: Spring Boot, Hibernate, Servlets

Frontend Development: JSP, HTML, AJAX, jQuery

Security: Spring Security, JWT (Authentication & Role-Based Authorization)

Database Management: MySQL, MSSQL

Architecture & Concepts: RESTful APIs, Microservices (Basic), Custom Exception Handling

Tools & Technologies: Maven, Git, IntelliJ IDEA

PROFESSIONAL EXPERIENCE

Java Full Stack Developer, E-procurement technologies limited (Internship)	01/2026 – Present Ahmedabad
---	--------------------------------

- Worked on the **eGold Bidder Application**, a gold auction system, during my internship, contributing to core backend development and system enhancements. Developed robust features for updating winning packet status, raising EMD refund requests, and efficiently tracking the complete approval workflow involving finance and officers until final settlement. Officer Upload pouch lifting packet and bidder can update packet status.
- Designed and implemented functionality for generating inspection letters before auctions.
- Worked on the **eGold Bidder Application** (production portal: <https://egoldapp.procuretiger.com/winapp/home>), a gold auction system during my internship.

Skills Used:

- **Spring Boot, Hibernate, JPA, Spring Security, JWT, JSP, AJAX, MSSQL.**
Developed RESTful APIs and handled backend logic using Spring Boot, implemented ORM with Hibernate & JPA for efficient database interaction with MSSQL, and secured APIs with Spring Security & JWT for role-based access control.

Hackathon Management System, College Project Semester-3

07/2025 – 12/2025
Ahmedabad

- Developed a **Hackathon Management System** to manage complete hackathon activities on a single platform. The system allows colleges to create hackathons, students to register, create teams, and participate. , Team documentation is judges can review and select winners. The system also sends participation passes and winning letters via email, making the process simple and efficient.

Skills Used:

- Leveraged **Spring Boot, Hibernate, and Spring MVC** for efficient backend development and database management, **Spring Security and JWT** for secure authentication and role-based access, and **MySQL** for reliable data storage. Built a responsive frontend using **HTML and AJAX**, and implemented **Custom Exception Handling**.

Online Photographer Hiring System, College Project Semester-2

01/2025 – 05/2025
Ahmedabad

- Worked on an **Online Photographer Hiring System**, where photographers can create accounts, upload their photos, and showcase their work. Users can browse profiles, view photos, and send hire requests for events.
- Photographers can accept requests, after which users receive their details for further communication. Built using JSP, Servlets, JDBC, jQuery, AJAX, and MySQL with smooth data handling.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Applications (BCA),

S.M.B.K. Mehta IT Centre, BCA College, Palanpur

07/2021 – 06/2024
Palanpur

Completed with a strong foundation in programming, database management, and web development. Developed practical skills through academic projects and coursework.

Master of Computer Applications (MCA), Gujarat Vidyapith, Ahmedabad

07/2024 – 05/2026
Ahmedabad

Currently pursuing (Final Semester) with a strong focus on Java, Spring Boot, and backend development. Gaining hands-on experience through internship and real-world project development.

Odoo x Gujarat Vidyapith Hackathon 2025 – Volunteering Certificate,

Gujarat Vidyapith AHmedabad

03/2025 – 03/2025
Ahmedabad

Recognized for active participation and contribution as a volunteer in organizing and managing hackathon activities, ensuring smooth coordination and event execution.
